

THE WORLD'S LARGEST MOTORHOME RENTAL COMPANY

What is touring in a motorhome really like?

FREEDOM – No other holiday offers you this much freedom. There is no need for packing or unpacking every day, no mini-bar costs, no set times for breakfast, lunch or dinner, no rules about how long or short a time you stay in one place.

FLEXIBILITY – Design your own itinerary or just take to the open road and go to where your heart desires. Stay for as long as you want and then just leave whenever you feel the next destination calling.

PRICE – Although hotels may seem relatively cheap when you book in, there are always the additional costs that everyone forgets until they arrive. Just think about breakfast, lunch and dinner. Then add drinks, coffees, snacks, etc. When you are in your RV, you just purchase your essentials from a supply market. And when you do feel like eating out, then you can always choose your favorite restaurant. The point is – you have the choice!

ACCESS – When you visit places such as the Grand Canyon or Zion National Park, you are able to overnight within the grounds of the parks and usually at a minimal cost. Hotels serving the national parks are typically expensive and often far from what you've come to see.

PLEASURE – For children travelling in a motor home it is sheer pleasure. There is no cramming into the back seat of a car. Instead they can all sit round the table in the motor home and either play games or look out of the big windows at the view.

NATURE – Wake up to the sound of birds and a view of a vast mountain range. Step outside and take a deep breath of mountain or sea air. Relax with the family and eat breakfast in the sunshine. Then head out to your chosen destination for a full day of family fun. There is never any rush!

For sample itineraries and videos on our motorhomes, please visit www.cruiseamerica.com

Cruise America

started in business in 1972 and is still family owned and operated. Cruise America and its sister company Cruise Canada offer over 4000 rental vehicles at 24 rental locations in the US and 6 in Canada. No other company offers you this many locations to travel from, to and between!

Reserving Your Motorhome

Cruise America operates a variable pricing system called the Flex Rate System. The rental prices are based on projected demand. Therefore, if you book early and there are plenty of motorhomes available, you will pay a lower price. If you book closer to the departure date or book for a high demand period or rental center, then the rate will be higher.

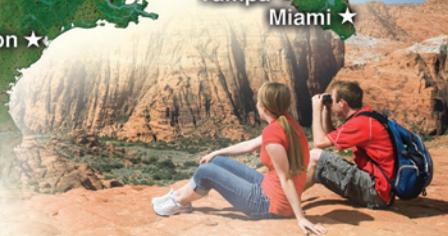

Preparing For Your Holiday

Your travel counselor will give you helpful information and the details confirming your motorhome reservation. You can also access a Renter's Assistance Guide online for viewing or printing at CruiseAmerica.com. Wherever you go, you are always at home with Cruise America. Have a wonderful journey!

How To Calculate Your Daily Rate

Select the dates you wish to travel and work with your travel agent as soon as possible to find the best Flex rate that meets your holiday needs.

C19 Compact Motorhome

A recent addition to the fleet is our aerodynamic and fuel efficient C19. Cruise America's 'green machine' is narrower and will fit into a car parking lot. It's perfect for a couple with its large double bed over the cab, kitchen at the back and lots of other facilities. If you have a young child, the dining table easily drops to make the dinette into a bed 3 feet wide and 6 feet long. The maximum we allow in the C19 is three people and we recommend that one is a child.

Sleeps up to 3
Length 20' 2" / 6.15 meters

E27 Intermediate Motorhome

Our most recent addition to the fleet is the new streamlined and aerodynamically designed E27. While still very similar to the C Class RV's, the E27 is built using lightweight, high-strength composite materials. Clients will benefit from improved drivability, reduced fuel consumption and less cabin noise. The cabin is designed to maximize comfort and includes LED lighting throughout. There is a separate bedroom at the rear, double bed over the cab and a convertible dinette bed.

Sleeps up to 6
Length 28.5' / 8.66 meters

C25 Standard Motorhome

Our medium size vehicle, the C25, has been a stalwart of the fleet design for several years. With a rear corner bed, as well as a double bed over the cab, it is ideal for two couples or a family of up to five. Like the C19, the dinette area easily converts into a bed 3 feet wide and 6.5 feet long.

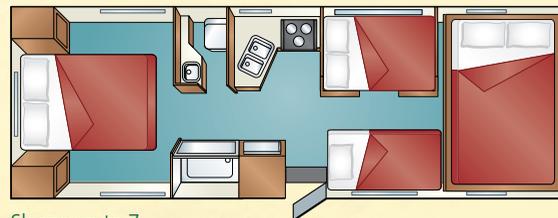

Sleeps up to 5
Length 24'-25' / 7.3-7.6 meters

C30 Large Motorhome

The C30 vehicle is the largest motorhome in our fleet. Its special feature is the large separate bedroom at the rear with its 5 foot wide bed! There is also a double bed over the cab, a convertible sofa-bed and a convertible dinette bed. The shower is separate from the toilet/basin as well in the C30.

Sleeps up to 7
Length 29'-30' / 8.8-9.1 meters

THE WORLD'S LARGEST MOTORHOME RENTAL COMPANY
